

Praise for the work of Stephanie Barber

“In a way, Barber’s art is as much about demystifying art-making (or, for that matter, the artist herself) as it is about the finished artwork.”

—*The Washington Post*

“... a profound dose of ordinary magic.”

—*Baltimore City Paper*

“Though extremely varied, the films of Stephanie Barber engage universal themes—time, death, memory, forgetting, frustration. Barber’s films also consider the impossibility of directly engaging these same themes in a media-saturated culture in which our deepest emotional reserves have been tapped by marketing and advertising.”

—*Artforum*

“Since I bought this a few weeks ago I’ve already read/watched it six or eleven times. Many pieces are dense and intricate yet at the same time hilarious.”

—Robert, *Goodreads* review

Barber “seeks to reveal more about human nature than the nature of the cinematic apparatus.”

—*Afterall*

Barber produces “works which not only engage with multiple discursive fields and external media, but also do so in an exceptionally compact aesthetic mode, one which demands and rewards intensive viewing.”

—*Cineaste*

Night Moves

Night Moves

Stephanie Barber

Publishing Genius Press
Baltimore 2013

To Julie...where ever you are. I STILL remember the first time I saw you in psychology class, 10th grade, spring of "76". You made nights move for me 77-78. I will carry those memories in my heart forever, and only stop, with the last beat of my heart....

I remember...I remember...

Great tune,I think bobs better than bruce,more real to the heart

Why is Bob Seger so awesome?

This song was the song that i think of as a storm rolls in .

It really does not get any better than this...evokes memories
of days gone by

I truly feel sympathy for any soul who can't relate to at least
one part of this song.

Some music is timeless

2

Funny, at my age now, I think my "Autumn" is closing in.
This song reminds me to keep a young heart and mind.
Thanks Mr. Seger.

life begins at 40.

this is on my i pod whilst im riding my 350 bullet..life
doesnt get any better

Love this song... I remember this song and dancing around
singing it stereo as loud as it would go.... molded most of
my teen years! mmmm sweet night moves!

close i visited bay city alot but Flint is were i was born n
raised....michigan musicians are all hometown boys for
me just like GFR, MC5,Alice Cooper, and Nugent. i love
music from my "Mitten"

I awoke last night to the sound of thunder.. and I thought
of this song :)

That entire passage always gets me...how it gets quiet and
sort of intraspective...(maybe I made that word up)!..."with
Autumn closin' in". Great stuff.

haha i know, i love it

We were just young and restless and bored.....livin'
by the sword. Pure genius. For me, it was a '72 Road
Runner, instead of a '60 Chevy, but.....the rest applies.
I'm 48 now and that was 32 years ago. Seems like just
yesterday and I still think of her often. Married, happily,
for 27 years now, but, you never forget your "first".

Love this song.....

points all her own sittin way up high... << what does that mean?

If you REALLY don't know, I'll help you out. There's a portion of the female anatomy, about 8-10 inches below the jaw. It consists of two "mounds". Each one having its own "point" in the middle. Get it now?

4

I thought that's what it meant but thanks for being a dickhead.

You asked an honest question. I gave an honest and serious answer. Why am I a "dickhead"? I wasn't TRYING to be obnoxious, but, if you took it that way, you're going to believe what you believe, I guess. Seriously, I wanted to state it in a way that wouldn't be offensive to other viewers OR the post police.

Heart and soul

reminds me of all the keg parties 1978-1983 great music!

All-time favorite song!!!

love BOB gotta love a hometown musician Bay City.....or
somewhere near there, right?

Bob, give me a call, we'll put our knees in the wind and
drink a beer--- just like it was 1985-- Nothing makes me
pine for my younger years like a Bob Seger tune!!!!

Great song great video!

Good old classic song!

God!! what a fuckin song-- what a fuckin voice!! as I sit
hear at 51 and listen and remember the "Night Moves" and
understand what Bob is saying-- @51 "Autumn has closed
in" on me

Think of you Brita ,Vancouver, great memories...love
always.

NICE.

I tried to find one tiny part of this song that wasn't pure
genius. I failed.

6
We weren't in love, oh no, far from it We weren't searching
for some pie-in-the-sky summit We were just young and
restless and bored... Trying to lose those awkward teenage
blues, Working on our night moves. ^Says it all^

I can't get this song out of my head like this happened to
me. Well not exactly like this, but the Autumn of 1990
was pretty sweet with my Crystal Bush in Bloomington,
Indiana...I remember, I remember, I remember.....

she was black haired beauty with big dark eyes

He still is!!!! :D

SO want to see him in concert. Most all of the big classic rock bands have been on tour... where are you BOB????

COME TO TAMPA!! Out of so many rock groups, because of personal reasons, I SO neeeeeed to see you!!

huh??? im so confused vampresscs

I used her, and she used me, but neither one cared...

My favorite, by far; sultry looks and long hair.

I can really relate to this song as I have a daughter that is a product of the "Night Moves" and you can bet that she knows it. She is still working on the "Night Moves" what a Gal!!

Yes I think you really need a connection to some music and this one brings back some great memories for me about a girl at the time & yes way up firm & high!!!!!!!

“Started humming a song from 1962” -- In a 2004 radio interview, Seger said the song was: “Be My Baby” by the Ronettes.

∞

NYE - OH NO WERE NOT FAR FROM IT AND
AUTUM CAN'T CLOSE IN BEFORE I HAVE U TO
LOVE FOREVER!! NO BACK ALLEY TRUSTED
WOODS FOR MY BABYGIRL ANY MORE, BECAUSE
WE DO HAVE TOO MUCH TO LOSE!! I LOVE YOU
!! DADDY!! I'm coming for you soon!! OUR LOVE WILL
NEVER END! REMEMBER WHEN WE WERE LIKE
THIS SONG ? IM SO GLAD WEVE FOUND EACH
OTHER ONCE MORE. IM IN LOVE WITH YOU
MORE N MORE EACH DAY!! (PURE) DADDY

This song is a masterpiece! One of the best songs ever written! It's right up there with Midnight Rambler by The Rolling Stones and Change It by Doyle Bramhall Senior.

jeremy clarkson got me here !

Life's a garden, dig it!

Saw Bob Seger in Frankfurt, Germany in 1980 fantastic show.

88 dislikes? Must under 20 years old. This was a great
drinkin beer cruisin song!!

10

After hearing this on the Ken Bruce radio show today,
I came here specifically to say this....This song is bland,
boring shite. where's the original tune? No wonder its got
so many dislikes.

Well done, you're a pathetic and hateful human being. You
don't like it then why not just change the station? Grow
up.

Oi Oi! No need to get personal mate. I was just insulting
the music, not anyone in particular, (well maybe Bob
Seeger) Its just the fact that the tune IS DULL! I have heard
it dozens of time and still cant hum it! I think its liked
because of the STYLE, not the content. I bet you prefer

the Stones over the Beatles.?? I would have a few bucks on that.

Comment removed Author withheld

you removed it? Why, it was friendly and made sense? I was going to say: - Guess your a lyrics person, and I'm a tune person.

you are a person that doesn't understand good music. Why don't you go listen to Lady Gaga

I find this song extremely dull and that makes me a person who doesn't like good music? I LOVE good music. This is just boring, I could write a better tune off the cuff. And lady ga ga is quite good actually.

Go ahead write your 'better' tune ... You'll be famous tomorrow.... or I'm guessing you could do it but being famous would just be a drag.

Written lots of good tunes, some you probably know off the TV. Being famous would be great- but you need a bit of luck.

If you only had a bit of luck you would be famous huh? You claim this song is boring but I think what you are missing is that it is a 'Mood' song. It might not have interesting melodies and chord changes but to Add these you would Subtract from the 'Mood'. Some of the best songs are the simplest and this you do not understand. Ignorance and arrogance is your problem my friend not luck!

I can feel its 'mood' but that doesnt inspire. I like loads of simple songs, I'm not arrogant. I'm TRYING to understand what you get out of it thats all. I'm missing out here.

Did you know The Rock and Roll Hall of Fame named it one of the '500 Songs That Shaped Rock and Roll'? It's a shame you don't understand but I think it's a case of 'you just get it or you don't'.

guess your right and thanks for not calling me a dickhead or hateful like some others have. I love good music inc.. beatles, floyd, doors, motown, killers, muse, flaming lips, arcade fire, bowie, just loads of artistes. its a passion.

You truly are a dick head and that this song goes right over your head is not surprising, you stick with ga ga..

oi whats the point of purile name calling? You wouldnt say that to my face, I'm sure of that. this song sucks- and thats the truth, everyone I know agrees. And they are intelligent people with good taste. You just like 'style' and attitude.
not music.

Seems like you don't understand how words and music go together... What would you consider "good" music if this is "bland, boringshite"?

Anything by the Beatles/Bowie/Radiohead/Arcade Fire/ Coldplay/Blur/Flamin Lips. Great TUNES. As I said before- this track is all about a certain lifestyle-attitude-style. Musically its pretty bland/unexciting/predicatble/unoriginal.

You think Coldplay is good but Bob Seger is bland..? o_O
Night Moves was released in 1976 and it's still better than
anything Coldplay has ever (or will ever) release in their
lifetime or posthumously...

Well that notion sound utterly ridiculous to me so, its
obvious we will just have to agree to disagree. Just as well
argue about our favourite colours eh?

14

Most people that I speak to feel the same way about
Coldplay, I find them very whiny and unoriginal, they
sound just like 90% of the other "pop" bands that started
in the late 90's. As for the color argument, my favorite
color is red.

No its not its blue. red is stupid. joking! Reds mine too. I
think people are just emotionally 'wired' in different ways.
I'm amazed people dont 'get' coldplay, as you are that I
dont get 'night Moves' or Seger. We're just different thats
all-there is no 'definitive' critique..

that 70s show!

one of my old time favorites

This was my high school/reform school music, did alot of stuff to this. Fighting, fucking, and general mayhem, god I loved it!

“Working on some night moves! Trying to lose those night blues!”

im a rapper n i still love his music...gotta appreciate the classic..wher would we be without it!!

just wish more ppl where like that just becoz they like rap
dnt make them any less cool liking this sort of music

each generation thinks their music is the best---today
mainly cookie cutter with disney the worst offender

Screw the RAT! lol

we have gone from “ask not what your country can do for you” and “I have a dream today” to “screw the rat” Please let’s keep this civil, after all it is just music it has little to do in the grand scheme of things in the human experience

Sorry to hear you became a rapper. You’ve been victimized. Hopefully, you’ll recover and enter the world of real music again.

you're a "rapper" LOL well isnt everyone now days? cute
good luck hope u make it

way to be a dick for no reason

as terrible as this is, it's so true

gotta be well rounded

So long as its not stupid gangster rap, thats what drove rap
down the drain.

Oh my God I so totally agree with you

Tina Fey's "Night Cheese" brought me here.

In the sweet summertime....

Way up firm and high!

best bro..... need i say more?

Why is Bob Seger preventing me from putting this on
Grooveshark?

Magic song brings back some good memories

I saw Bob Segar in 1974 or 75...(very hazy....lol) at the
Santa Monica Civic Center..I was 5th row center....Damn
his eyes are blues...I can still see them

My favorite song =] Its sooo nice and smooth.

My mom turned me on to bob at the age of 13 and now
49 still lovin him.

This song bring back great memories, 16 working at Western Sizzler listening to this on the radio. BAm is a good song to jam on anytime, anywhere. Bob, it's funny how your songs move about 40 years later.. Still doing it.. moving, grooving!!!

Totally random, but The OC brought me here. (I knew the song WAY before then, though!)

I was in a biker bar once, put this on, made a few friends because of that choice :))

This song has the best lyrics and sound!

Bob Seger: still the man.

I saw Bob with the Band Sweet in 79 Christmas concert my lady and I just got married by the justice of the peace. My bro and his lady went to the Market sg. arena hell its a parking garage now but Bob and some excellent weed and we Rocked for about 4 hrs. it was awesome!

and you are here

My own night moves of yore brought me here to reminisce.

Gina will never know the truth

American Pop 1981 brings me here

My new theme song for working the night shift at the hospital!!

Saw a Bob Seger concert last night, sounded INCREDIBLE in person. So many people left before Night Moves played, Seger left the stage for maybe two minutes before coming back for an encore. I absolutely recommend seeing one of his concerts if you get a chance, hearing a song like this played in real life is just so much more powerful than hearing a recording.

“I was a little to tall; could’ve used a few pounds”

god i love this man

Sweet Summertime Summertime

Wow 85 dislikes? Thats 85 people who have not been laid yet, so they don't know what Night Moves is all about.
Great song writer. Rock and roll never forgets. Keep rocking Bob.

American pop brings me here

Bob Seger brings me here. .

YEEEEES!!! My sentiments exactly! ;)

Love your handle fits right in with the tune...

Awww, thanks! It's been a long day... thanks for bringing a smile to my face. =)

I Met your mom last night!

Glad I'm not the only one.

This makes me think of you babe. I love you Katie. Always
:)

I think this video is one of the best examples of why record companies shouldn't go nuts in every instance regarding copyright. Here you have a video from a great artist from the '70's, that very few of the iPod generation would ever buy anything from. It's not even the 'video' for the song (doesn't exist), its random stillshots, and it has 3 million views. How many iTunes dl's or CD purchases did this eventually lead to?

fuck you n fuck how i met your mother

And fuck people like you. These shows bring people to these classic and good songs an asshole hipsters like you shit all over them. Honestly, I'm glad these shows use these

songs because it interests people and they make them more popular.

you are a dick!

Seeger is a god

a huge seeger fan hope everybody is

Classic Seeger...

I can't stop pressing the repeat button!

night moves NIGHT MOVES

Awesome musician!

Bob Seger brought me here

that 70's show brought me here

Wait a minute. You're upset that the media is advertising classic music, and broadening people's musical taste? Obviously people who are here listen to a variety of music as well, just because you knew about it before them doesn't make you any better than them. Get over yourself, junior 1

junior??

Junior.

Well said, bravo !

83 people have no clue...sweeeet summertime, summer time!!

Hate is representative of the fact that someone or something catches your mind's eye. to hate it only gives it power over you...try apathy,not feelin one way or the other,then you got it conquered. & who the hell can hate friggin Bob man? Maybe an ex or somethin?!?! Get a life!!!

My DAD's Music right here, Assisted in helping me grow up to Play Metal Guitar.. i still love seger... dedicated to my Folks , havent seen them in years, brings back so many memories :(Good 1's... miss my dad.. this is for u POP!!!

This song is the most Timeless and emotion provoking song ever. Bob Seger- Night Moves will be heard forever until the end of days.

Tokin' and reminiscing. Thats what I'm doin now ;)

This song was a hit the year I met my first boyfriend. He had a Chevy. One night we were parked somewhere on the North Shore, freezing rain, radio on, windows fogged -- what happened was much more innocent than what most teenagers do today -- but at the time, ah well... my parents thought I was on a sleepover at a girlfriend's house... this song. Oh yeah. Great song still.

“Waiting on the thunder!.....I awoke last night to the sound of thunder. How far off I sat and wondered.” I feel such emotion with this part of the song. So true. That’s how life is. Honestly, one of the best transitions in song writing I’ve ever heard.

LIKE

I remember... being seduced by a hot 18 year old blonde girl in college. I was 18 too and “I used her and she used me, and neither one cared, we were getting our share.... in the summertime.... sweet sweet summertime....” This was our song.

It is an awesome song , but I think so many people have listened to it because I noticed this song on the OC , when I heard the clip I had to find the song. Great song !!

this takes me back to the days of laughter and when life was good!!

-- Amen doncha know it!! The laughter, the easiness, and the love, and the good love-making.

segar songs on his old stereo, way back in the 80's...me and
my sister were crawling on the floor. the old old days

awesome song!! thanks for the reminder!

It was a '79 Plymouth, but yes yes yes. This song always
transports me back to Harrah, Oklahoma, the late 1980s,
and Jerry Sinor's night moves. More than 20 years later,
nobody has ever kissed me like that.

79 BUick Regal here - Nashville TN at at Priest Lake - and

same!

I remember

Bring back this song to Grooveshark.

81 people lack the taste in great music!!

lot more than that, my friend... :-/

one of the best songs ever written

one of the top 10 driving tunes !

I'm 51 and the wife and I still live those nights every
chance we get. Got to love the 70's music.

I just salute as a 56 yr. old always a marine

I am 16 years old, and i have been a big Bob Seger fan i 3 years now, and i enjoy he can sing like he does in this song, and change his voice to a lot more powerful and aggressive in Katmandu or Rock and Roll Never forgets So of all my heart thank you Bob Seger for making this kind of music, i know there are not many young people who listen to this kind of music anymore and for that i am sorry.

no one cares how old you are, fuck off

How about you shut the fuck up, i didnt force you to read my comment that you did on your own. No one forced you to reply on my comment. i wrote this because i wrote it, so go live you petty life and go suck your moms balls. Yours sincerely - Slapperii554.

hahahaha trolls crack me up

One of the best all time song's from Bob Seger. It is simple, this song takes us back to a simpler time that we want. Thanks for the song, but also thank you for the memories that it gives us.

One of the best songs ever written. I think anyone who experienced their teenage years can relate to this song. And anyone who "enjoyed" those years can definately close their eyes, look back, and picture that night where this song brings you back to. Sure know I can. Man I miss those days.

Not exactly sure what has sparked all this traffic here (other than it just being an awesome song), but cool. I <3 Bob Seger.

im here for the gangbang.

The good thing about the awful, insufferable, dreck that passes for music now, is that it has forced those of us fortunate enough (40s +) to revisit the music of our formative years. In so doing, also pay homage to the lyrical and melodic genius of Dylan, Seger, Springsteen etc., that

many of us took for granted either due to age/inexperience
and the fact there were just so many quality artists at the
time. “Night Moves” means a whole lot more now than in
my teens!

Cause Bob Seger is sweet southern rock!

it's a long shot but maybe it's because it has been
mentioned in Top Gear S17E06 (in the interview).

I can only think of one reason that many people do
not like this song. It was Wednesday night..

hell, i'm 81 and i love this song. anyone who was ever
young has to choke a little when you hear it. it's the best
anthem of youth ever written

Soft Rock music poetry put to music

How could anyone not like this song? I'm 67, and if I had
to list my 5 favorite songs, this would be one of them.

Night moves in her Dads barn 1975 love you Pam! Hope

ANOTHER TIMELESS CLASSIC FROM BOB!

How can one song bring up such a range of emotions? Is it possible for heartache to feel good?

PERFECT .

My dad brought me here.

I just saw this mothafucka at the bank....

Perfect.

This is one of my favorite songs of all. Bob Seger really knows how to tell a story. You can close your eyes and put yourself in the same place this song is taking you. I can remember experiencing the same things this song is telling us. Love, love, love this song!!!!

got me knocked up in 84

this song always gets me in the mood :)

I love this song...top gear just made me remember how
much!

reminds me of one of my first girlfriends in the back woods
in stuttgart arkansas. the song still kicks ass.

A long time ago I was jammin out with my cousin and I
said to him "with that voice your going to go far" and he
said he sounded to much like Bob Segar I had no idea who
he was I heard one song and was hooked. That's my story.

That 70's show brought me here.

im listening to thunder right now and its really is funny how the night moves when i have noting to lose

vizie brought me here bro

Who the hell could click the dislike button to any Bob Segar tune? They must not like music at all if they don't like this brilliance!!!

I just watched top gear and heard about this tune. Thanks jeremy clarkson.

we were just young n restless n bord <3

Do we seriously live in a World now where people have to "Hear about" Seger on Top Gear to know who he is???

Makes me lose a little more faith. :(

Did you see last weeks top gear? It was about how shit America was.

it was about how shit the u.s.a was, don't drag Canada and Mexico down with you!

I'm sure he meant the USA, or he'd of said '...how shit NORTH America...' it can be referred to as just 'America'. not always the shitty ol' u.s of a! god, if you are American, you really need to sort out your knowledge of your country. retard.

if i was american, why would i refer to the u.s.a as you? very defensive there man. i'm well aware that north Americans call there homeland America, however Canada

and south america are part of the greater america's. i was merely joking man no harm done. also there's worse things in this world than being a retard. its really not that big an insult.

i guess canada and even mexico have to suffer being referred to as 'americans' by those who refer to north america as just 'america'. i know how that feels, im scottish and sick of every one who refers to us just, the uk, or sometimes some bastard refers to the whole bloody island as 'just england'. bastards. and yes, there are worse things thn being a retard, like george bush, or gordon brown. haha! lollage all round. sorry for calling yyou a retard btw

i thank God my parents had good taste in music when i was growing up. Seger, CCR, Tom Petty, Eagles, Janis Joplin, etc. were always playing. My dad would even make me and my brother learn the words so we could all sing along and play our various air-instruments in the truck! i got annoyed by it at times because i just wanted to hear whatever the flavor of the week was at the time but now at 23 im so thankful for a well-rounded taste in music and those older bands will always be my favorites.

LOL! Jeremy Clarkson brought me here.

Councilor Juke Box : A12

His songs are about life in general really.... He writes for everyone

Maybe if people worked on their night moves more often the world wouldn't be as messed up as it is.

yea people are too scared now....

What's bad is that they are afraid to make the world a better place.

Because people these days don't have the balls and fortitude to stand up and "Fuck this. I'm tired of the way shits going. I'm gonna march my ass up to the capitol and do something about it". Everyone is waiting for someone to do it.

That's not the only way to do it though. People like me do
it by just being a good person.

And Louis Walsh

What happened on top gear?

Like if Top Gear brought you here and you hate it

THAT 70s SHOW YEAH

worked on my night moves quite a lot thanks to this song

ME TOO LOL

today's music can't tell any stories about their experience in
life. where are you bob seger, james taylor, and niel young.

Top Gear bought me here.

me too ...

hubbellkent i like you!!!! very very good onl been singed up
5 mins and found a legend already!

Haha, Decemberists gig at the Hammersmith Apollo
introduced me to this brilliant music.

Nancy "Johnson" "Mounds" Park graduated from
"Harding" in 1970 (meaning you started senior year in
"69") This is one very sexual situation.

Like if Top Gear brought you here"

Lol that was some speedy commenting.

best thing out of clarksons gob 4 a while

Couldn't agree more!

And Chris Evans Radio 2....Don't matter how, just glad I finally found out who wrote all these songs that I love, but have never known.

What episode of top gear is this on?

15

lolz

Thumbs down. Wankers!

This is sad

In what episode!! Or are you talking about Clarkson's article?

One of the ones from the last series, can't remember which!

with some exceptions, most music today sucks! nothing
like this

ohhhhhhhhhhh,,,,,the memories

great song, love it!

Bob Seger's voice is AMAZING!!!

The Gaslight Anthem sent me here

quality music, they dont make em like this anymore
summertime summertime

Fabulous music by Bob

I Remember too Bob. When I was young, the night moves
was my favorite game! I suppose we have all been there
once, with that special some one. Sometimes when I look
back now, the memories are cloudy. It seems so many years
since I was young. Then I hear one of your songs.....
and I Remember!

Everyday I find my way back to this... I find my way back
to you... my Butch :)

in the backseat of 74 Gremlin with Levis Denim interior
doesn't have the same ring

im 17 i aint got no 60's chevy but does a 1972 Chevy fleet
side count?

this song makes me so nostalgic it actually hurts.....

Me too man, me too

I had a 1970 dodge charger 440 , 650 hp ,I will not tell anyone what happend in the back seat.....

a 70 Charger with 650 horsepower? Im calling bullshit on that buddy

its nice to comments of people arguing over the horsepower in a car rather than most of that stupid shit today! thumbs up man!

I agree with you

I had a green and white 60 Chevy Bel Air in the 80's. In the rear cove area between the tail lights i had a artist friend write "night moves" with a cresent moon and a star over the "i" in night.

yes rock great ones too

ditto mrpurple

lol mounds park

It is funny how the night moves with autumn closing in.
Good shit

i think its the night moves cd

Anyone know where i can buy this version? what album is
it?

Just turn on the radio :)

76 people like it without Vaseline!

From HIMYM, Barney: Ted's mum.... Virginia: Your penis
is enormous

Bob Seger is truly amazing...(:

I am saluting :)

Boy this song brings back some great memories lol.

Kenn das Lied auf HIMYM es ist ein gutes Lied! Die
Sendung ist LEGENDÄR!

love this song.

I'm 15 and I'm proud to say I know this song word for
word. beat for beat.

No, there is so much more to compare to now...and today's
music totally and thoroughly sucks ass. "That bad" is
putting it nicely, it's fucking horrible. Good and talented
modern musicians hardly get any recognition while
popular society pays assholes millions of dollars a year for
songs they can't even perform live. It is laughable.

76 people haven't been working on their night moves.

this is a panty dropper right here

i think the lyrics are slightly off

even tho i still know the words..lol

Seeger is still one of the best today!! like you have the lyrics
w/this:))

this is the ultimate mood song. if you cant get a girl to this
song you cant get a girl at all

Any body know what happened to nancy johnson who
grew up by mounds park, graduated from harding in 1970?

best comment ever!

i think 42 people might know

i do. shes my wife

Bitch died. Ass cancer. Terrible experience.

We should have a Bob Seger day on the calander for a
National Holiday.

poor micsix731>>>>>> it took me awhile that we are far
and few between.... hope you get your love< and no we
dont have to be 50..... grew up on this, 28 now still love
this song, and people i know loved this. wish all the best!
we all still all have alot to lose at night dont we??

one of the great of michigan, pure michigan

Bonita canción.

76 people are looking for pies in the sky summits.

Yeah but unless you see American Pop you still dont fully appreciate us.

Quite sweet. Thx.

bob seger. he gets it. he may not have a majestic singing voice but its original. he brings somethin to the table that (an i aint tryina sound like an old person) we don't get nowadays. I can just FEEL the soul in his music. this man put everything into his music. any man feelin some pain can listen to this. and itll sooth the soul

im 16 and my ipod has a majority of music like this
hahaha

Workin' on my Night Cheese...

im 3 and i think that good music doesn't have an age limit. As long as people, regardless of age, listen to it, it will keep on rockin'.

im 19 and i listen to this and songs from this age all the time. i love it, this is when rock and roll was better than ever. great stuff here, this song alone kicks the crap out of anything in the hip hop genre ever produced.

I'm only 18 but I've loved Bob since my mother sang this song to me when I was young..God music was good then.
what happened?

60

Good music has no age boundaries!!! Hell if that is the case I'm Black and this is good quality music, lyrics, arrangement etc...Now go figure that LOL

Bob Seger is one of the most underated rockers out there

Bob Seger is one of the most underated rockers out there

this song brings about a certain emotion that cant be put into words. somehow - through his style, melodies, and lyrics - you can feel his passion regardless of if you were alive during that time.

I will NEVER get sick of hearing this song- oh the memories

Bob segars music is timeless.. Im 19 years old and I have grown up listening to his music . I like all genres of music, Bob is a true artist and can almost take you to another place in time. One of my fave musicans

This song magicaly played on the radio while i was laying in bed with my girlfriend last night!

I'm 41 and my grandparents Love Bob. Just saying Generation to Generation.

....good for you...u got it!! you appreciate ...'the good stuff' !! way to go boi!! Raised all 3 of my daughters on it!! They too appreciated it..especially after I took them to some good kick a** concerts...lol!! :)

Just awesome

Justin Bieber, bow to this man!

why do you feel the need to mention that talentless little
prick.

it's just a joke currently in the counter-culture; it's funny
and ironic to 'be a fan' of Justin Bieber. it's like saying "Best
act at Coachella - Justin Bieber hands down". cmon you
have to admit that's funny.

i am sorry, didn't realize that was offensive.

not offended mate just hate hearing his name

FUCK BIEBER!!!!!!!!!!!!!!!!!!!!

I'm 17 (who cares) and am so glad my parents taught me
about great music. Classic rock, r&b, soul, 60s and 70s
music, it's just the best.

The very night I get my first girlfriend, my first kiss...I will
play this song. And I will listen to it all night long

whenever i see dislikes i just imagine this was some broken
up couples song who really knows though

His music reaches across any age barrier,both young and
old like Bob Seger a lot.We are living life at this moment in
time with one of the greatest artist of all time.Bob Seger is
a living legend.

Every time i hear that song it reminds me of how i met
your mother. It runs in the radio when barney and teds
mother kiss.

i love this song it has help me through my life through
happy times and sad.its the 1 and only song that i turn 2
===kath

HOW COULD 76 IDIOTS NOT LIKE THIS
SONG???????????????

Im 15 and i sure do!!!!

This song gives me the chills from start to finish. It is so good it brings tears to my eyes. Not sadness, just emotion.
Bob Seger is a true badass.

i'm a little younger, actually a lot younger then most bob seger fans, but this song reminds me of when i was 15 and the summer when me and my first real girlfriend fell in love and all the stuff we did that summer, things didnt work out but its nice to relive memories through this song,
thanks bob :)

Life is simple if you look at it from a distance. We're just too distracted nowadays. Put the cell phone & ipad & laptop down for a second and take a look around

I'm actually listening to this because in the 5th book of True blood, Eric and Sookie are at fangtasia and this song is playing, but its good...i like it :)

How can you not like this ?

My night moves were in the front of a 1964 Vauxhall
Victor FB Estate. Not the same ring as a 60s Chevvy??

I'm also 18 and I totally agree with you... the people of
our generation probably just don't know about these great
musicians, so therefore they can't recognize their talent...
But I guess, IF they'd know about them, a lot or most of
them still would stay with Lady Gaga, Katy Perry & Co. ...
;-)

So true. They 're probably afraid to stand out

For those of you who like good songwriting music like Bob
wrote, you might be interested in listening to this band
called Seraplane. They aren't very big right now so I'm
trying to help spread the word, search for them on youtube
if you get the chance!

How does this song get 75 dislikes???

this song is my teenage years,loved how simple life was then.love reliving my memories thru this song.love what we shared peter...rest in peace my first love..

Pam I think of you every time I hear this song. I still can remember in your fathers barn. I hope you are doing well and thanks for the night moves

I recently went to the Xcel Energy Center to see this man perform...wish there were more musicians like Bob Seger because most of the rock 'n' roll music that comes out these days just doesn't measure up. It's mostly noise and a lack of talent. The bands and singers that put this "music" out are just trying to hack it all and sounds bad.

Nite moose? Love it. Imagine this conversation somewhere in Wisconsin:. " ..whats that? "." Thats night moose dad".. " ..Is that the first round draft pick of the Milwaukee Bucks?.. ".No dad. Thats Bob Seger.." ".??".

This always makes me think of the movie "American Pop"
and i love it.

The first time i heard this song was at the airport, I had just driven my best friend's mom there. needless to say, we shared a special moment there. i cry every time i hear this song.

you are wise far beyond your years and i applaud your open mindedness and your love for TRUE musicians.

I agree with u, i have always liked the older music like van morrison , creedance, roxy music , and bob segar is really good but yea there were some really good 1s back then

a very wise person wrote this. Keep looking backwards. It will inform everything you do musically (and of course in other endeavors). All the things you felt growing up, all the emotions...these are not new nor exclusive to your generation, and others who felt things wrote them down, too. that is the basis for all music.

its good to see that you younger people have a liking for our music from way back when lol,keep listening there is plenty to hear lots of good bands and solo artists from my generation that im sure you will appreciate

Hell yea man, Im 22 and I thank my parents for raising me
on this kind of stuff. My kids will be raised on this stuff
too. Good music will never die.

An oldie but still one of the best tunes in the history of
music

First song i ever learned to play AND sing on guitar... oh
yeah =D

and all this time i thought it was night moose...

and what did night moose say in the harnas? “.. Help me
make it thru the knight !..”..lol!

>earlier, yet excellent You say that like they usually don't
coincide.

So wise for one so young.

He got to be famous the old fashioned way.... By tons of
hard work.

True musical genius where your songs can be simple and
predictable, yet legendary in their epicness...

Omaha, NE Summer of 1973 after my junior year, a high
school classmate of mine said yes, she was cute and horny...
just like me. Like most of the others that have posted
here, I still remember. Saw her at our 20th reunion. She's
married with 2 daughters (still cute), I'm married with 2
sons, we just smiled at each other...ain't it strange how the
night moves?

Am I to understand she is still in your system? “:)

only when I hear the song...and that's not often. I don't lust
after her, I just 'remember'.

Sounds familiar. I call it : not the big bright burning
bonfire but a tiny torch in the basement of the heart [
harmless & innocent]. all d best from Holland

Amen, brother. 21 years old, and I'd prefer to listen
to an old Bob Seger .45 vinyl then the newest song
on Itunes. Hell, I took my dad's old record player and
practically play the white album until the vinyl is too
scratched up to play anymore.

sweet summertime,,,

Well after a few beers typing is shakey but I will carry on..
this song takes me back to the early 90's, beers with your
mates and listening to night moves by Bob Seger funny
how it has more meaning now when you are over 40

I'm a Hoosier, but, I sure wish we could save my neighbors
to the north...good ol' Michigan! The U.P. is beautiful, a
shame that state is going further down the tubes. I live in
Atlanta now, I miss those Midwestern nights! I've been all
over this country and the Midwest is so special, and Seger
always takes me back there!!! Thanks Bob for all the great

memories and making music that helped shape my life! I'm going to go get in my 60 chevy and sit with a cold beer and a big smile!

“trying”

Bob “the fucking man” Seger.

Kenny Fucking Powers.

I am only 25 and this is so much better than X. Sooo, what you're saying is we all have to be 50 years old to appreciate this music? People are still the same deep down and I think we are capable of “getting” Bob Seger's music without having lived during his era. Don't act like you and your generation are the only ones capable of appreciating good music...that's such BS. Clearly I, and these other young people, like Bob Seger if we are watching this on youtube.

Amen my friend...I'm 40, and love it when young people like my music and want to tune in and talk about it! I

love sharing stories with them about things I'd seen that they might not have because of their age...history. That guy micsix73 is clearly a douchebag! I hope all the young people keep showing up and enjoying this good shit!

Well, some of us are glad to learn about our cultural history. While I will admit that its the new generations right to make mistakes (IE the new shitty music that they make now of days), I personally think that most of us have a willingness to listen to the stories that may attach to a song they heard on the radio at one time.

Your comment should be copied and pasted on every other video where this shitty discussion is going on.

agreed! im 22...been listening since 12 or 13

I think we can all appreciate "I used her, she used me but neither one cared" ;)

I am thrilled that the younger generation appreciates GREAT tunes! My 21 & 24 yr old sons love Seger also. His music can bridge a gap. Rock on babe...rock on! =0)-

Sorry jejo02...this post wasn't meant for you.=)

I am 25 too. This song is far better than the shit today. Nothing today could be so discrete and to the point. My radio doesn't leave the classic rock station.

I'm exactly the same way. There is NO WAY I'm going to listen to the newer stuff. Some people don't understand why I don't like some pop crap, but after you've heard the likes of Seger and bands like floyd, zeppelin, deep purple, almost everything is crap, lol.

I like this andd i'am barelly 13 going onn 14 lol i totally agree!':

bob seger rocks! GO BOB GO!

Amen bro... I'm 35, a little older, but still... I'm right there with you. A bit before my generation, but F#@&, this stuff is something special...

still love bob he is the greatest , partyed with him for over 30 years and to this day there is no better singer !!!

Wow, I had a great time working out to this music up in college at SUNY New Paltz, from 1981-1984! Those were precious times because of all the precious people I met! I,ll love all of you forever--especially my great women friends from Scudder Hall! It's" strange how the night moves, with autumn closing in"! Peace and Love, BobbyK

what a lovely post full of soul, what happened with the girl?

workin on my night cheese

70 people didn't practice any night moves growing up; probably suck in the rack as a result. . . .

greatest coming of age song of all time!

There was a cartoon in the early 1980's I think...real trippy, with this song in it. It's hard to remember anything from those days but I think it was called American Pop. I was so drenched in acid back then...I think those were the good ol days.

cool story bro

season 5 episode 20 Barney and Teds mom!!! haha same!

Haha funny scene

thats cool dude, my friend just came back from the same concert you came from. when he got home and i got to ride in his truck, he popped in that new CD of Bob Segar, and loved his music ever since
